

RI DEPARTMENT OF HEALTH AND CDC RECOMMENDATIONS

THE AMOUNT OF TIME PERSONS WITH INFLUENZA LIKE ILLNESS SHOULD BE AWAY FROM OTHERS IS AS FOLLOWS:

REMAIN HOME AT LEAST 24 HOURS AFTER YOU ARE FREE OF FEVER (100°) *WITHOUT* THE USE OF FEVER-REDUCING MEDICINES.

STAY HOME UNTIL ALL SYMPTOMS ARE RESOLVED IF YOU ARE HIGH RISK, SUCH AS UNDER 5 YEARS OLD, 65 YEARS OR OLDER, OR HAVE OTHER CHRONIC CONDITIONS. THIS WOULD REQUIRE ABOUT A 3-5 DAY EXCLUSION PERIOD.

THESE EXCLUSION PERIODS ARE RECOMMENDED REGARDLESS OF WHETHER OR NOT ANTIVIRAL MEDICATIONS ARE USED.
