<sup>1</sup> Refer to CDC's 2015 Recommended Childhood and Adolescent Immunization Schedule for vaccinating high risk children at: <http://www.cdc.gov/vaccines/schedules/hcp/imz/child-adolescent.html>

<sup>2</sup> This schedule lists state-supplied childhood vaccines and is consistent with the recommended age range of CDC's Childhood and Adolescent Immunization Schedule (<http://www.cdc.gov/vaccines/schedules/hcp/child-adolescent.html>). CDC recommendations for individual vaccines are available at [www.cdc.gov/vaccines/recs/default.htm](http://www.cdc.gov/vaccines/recs/default.htm).

<sup>3</sup> State-supplied 9vHPV vaccine is recommended for routine use in males and females beginning at 11-12 years with catch-up vaccination through 18 years of age.
